FLAGPOLES for LEND and GROUND SCREWS/ MOBILE FOUNDATION

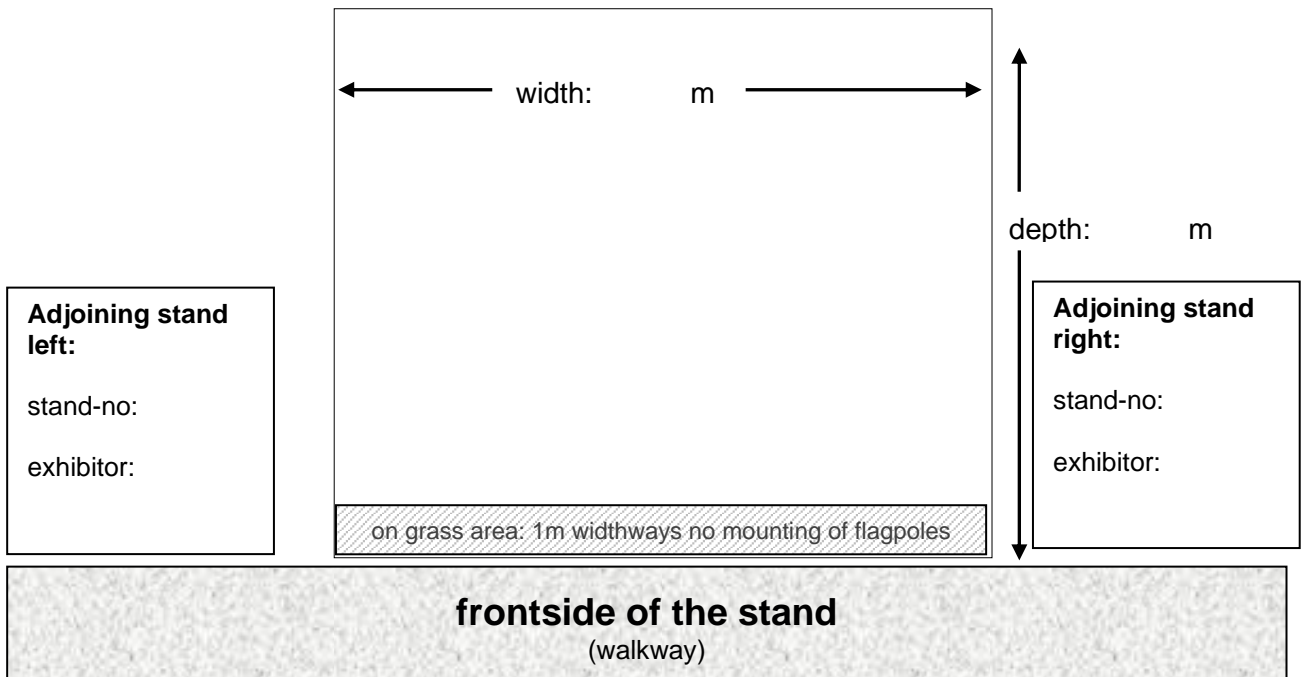

| Pos. | Service | | Quantity | Price/ pc. | |
|------|--|---|---|---|--|
| 1.1 | flagpole for lend, aluminium with external halyard and clamp for hoisted flags The flag(s) can be hoisted by yourself |  | <u>height above ground</u> 5,40m 7,00m 8,00m | _____ _____ _____ | 95,00 € 115,00 € 125,00 € |
| 1.2 | flagpole for lend, aluminium with rotating arm for outrigger flags with hemstitch on upper end max. width 1,50m the flag(s) is/are to be sent to MWI until 20rd April 2023 (address s.a.)! - otherwise you have to hoist them yourselves – to do that, the flagpole has to be lifted out of the socket, you have to put it down, fix the flag, mount the flagpole+flag again and align it straight |  | <u>height above ground</u> 5,40m 7,00m 8,00m | _____ _____ _____ | 109,00 € 135,00 € 145,00 € |
| 1a | ground-screw for lend for Pos. 1.1/ 1.2 | | for h.o.g. 5,40 m for h.o.g. 7,00/8,00m | _____ _____ | 100,00 € 110,00 € |
| 1b | flagpole-stand for lend for Pos. 1.1/ 1.2 for areas with concrete or prohibition of anchoring - max. h.o.g. 7,0m | | for h.o.g. 5,40 m (stand with concrete-slabs) for h.o.g. 7,00m (concrete base) | _____ _____ | 115,00 € 135,00 € |
| 2.1 | ground-screw for lend for customer-owned flagpoles flagpole with diameter up to 90mm | | | _____ | 150,00 € |
| 2.2 | ground-screw for lend for customer-owned flagpoles flagpole with diameter bigger than 90mm (max. 120mm) | | | _____ | on request |

Please place within the stand-map or on a separate sheet the requested number of flagpoles.

Please mark for each pole the *distance to the border of the stand* resp. the *distances between the flagpoles*:

Stand-No:

Please consider the following points when planning your flagpoles and flags:

- for **each flagpole**, one ground-screw or flagpole-stand has to be ordered.
- in some areas, **limited construction heights** have to be considered – especially in the field of the runway, aisles C, D and E
- for all **stands on grass area**, the flagpoles have to be indented by one meter from the frontside of the stand (walkway)
- in **grass areas with prohibition of bolting**, no mounting of flagpoles with ground screws or flagpole stand with concrete-slab is possible
as an ALTERNATIVE, we offer drivable flagpole stands (for flagpoles height 6,0m)
TO BUY – please contact us!
- in **areas with concrete**, necessarily flagpole-stands have to be planned (flagpoles max. 7,00m h.o.g.)
- in case of **outrigger-flagpoles** (Pos. 1.2):
 - minimum distance between flagpoles: 3.20 m (2.20 m for h.o.g. 5.40m)
 - distance to border of stand/ adjoining stand: 1.50 m (1.00 m for h.o.g. 5.40m)
 (In cases of eventually occurring conflicts with flagpoles on the adjoining stands we will contact you.)
- basically, the **Technical Instructions - 4.8** - have to be observed

We will be glad to advise you on the planning
Odette Philipp or Claudia Wegener

– please do not hesitate to call us:
phone (+49) 52 54/ 66 06 86

The stated prices are calculated including transport to and from, mounting and demounting. All prices are quoted for the duration of the fair / pc. and are to be understood net, plus VAT.
