Terms and Conditions of Participation in demopark 2027

7 Eligibility to participate

The following may be admitted as exhibitors: all national and international manufacturers and service providers, as well as those companies authorised by a manufacturing facility to exhibit its products, whose exhibition items and services correspond to the nomenclature of this trade exhibition (see Section 6).

8 Registration and late registration

8.1 Registration

8.1.1 The stand space must be ordered by completing and submitting the online registration on the demopark website. The registration deadline is 30 September 2026 (offer).

8.1.2 An application shall be submitted for each individual exhibition stand space. By submitting the application, the exhibitor agrees to and accepts the Terms and Conditions of Participation, the Technical Regulations, the House Rules and all other exhibitor information as binding.

8.1.3 The receipt of the registration shall be confirmed by VDMA Services GmbH by e-mail in an automated process. However, registration and confirmation of registration shall not constitute an entitlement to admission or to a specific size or location of exhibition stand space.

8.1.4 Special placement requests on the part of the exhibitor shall be taken into account where possible, although without being contractually binding.

8.2 Late registration

8.2.1 Registrations received after the registration deadline shall only be considered if space is still available.

8.2.2 For late registrations after the registration deadline, VDMA Services GmbH shall charge a 10% surcharge on the stand rental fee.

9 Admission

9.1 VDMA Services GmbH shall reach a decision regarding the application (acceptance/rejection) after expiry of the application deadline, taking into account

- the Terms and Conditions of Participation
- the available space
- the overall framework and concept of the exhibition.

9.2 Should VDMA Services GmbH receive more applications before the registration deadline than there is space available, VDMA Services GmbH shall reach a decision as to which applications are accepted at its own discretion and after due consideration.

9.3 Exhibitors that have not met their financial obligations to VDMA Services GmbH from previous exhibitions may be excluded from taking part.

9.4 The contract shall be considered concluded (= acceptance) when written confirmation of admission is issued by VDMA Services GmbH as the event organiser. No exhibitor shall be permitted to swap their assigned stand space with another exhibitor without the consent of VDMA Services GmbH.

10 Stand space confirmation/Change

10.1 The exhibitor shall receive the stand space confirmation once the planning and admission process has been successfully completed. This shall include a plan showing the location, dimensions and stand number of the stand.

10.2 Should the content of the stand space confirmation deviate from the content of the application submitted, because the exhibitor may be offered more or less space based on requirements, the contract shall be concluded in accordance with the stand space confirmation if the exhibitor fails to object to this in writing within two weeks of receipt of this (deviating) stand space confirmation. The date of receipt by VDMA Services GmbH shall be decisive for the timely lodging of the objection. Any and all complaints received after this time shall not be considered.

10.3 VDMA Services GmbH reserves the right to assign the exhibitor a stand in a different location, to change the size of the respective stand area, to relocate or close entrances and exits to the exhibition grounds and the Turf Tent, as well as to make other structural changes, insofar as it has a considerable interest in such measures due to special circumstances or is obliged to do so by safety regulations or official requirements. In such cases, any exhibitor suffering a significant impairment as a result of these measures shall be entitled to demand an appropriate reduction in the stand rental fee. Should the altered conditions be demonstrably unreasonable for the exhibitor – despite a reduction to the fee – the exhibitor shall be entitled to withdraw from the contract within one week of receipt of the notification. However, the exhibitor must still pay a flat-rate cost contribution amounting to 50% of the stand rental fee in this case. Claims for damages shall be excluded on both sides, unless they are based on intentional or grossly negligent behaviour.

11 Space rental fee

11.1 Outdoor area

The space rental fee for the exhibition space in the outdoor area shall be EUR 35.50 per square metre, regardless of the ground conditions. The minimum size of the exhibition space shall be 100 square metres (minimum depth and width 10 metres each). A deviation from this shall only be permitted in justified exceptional cases. In these cases, a surcharge of 50% of the stand rental fee shall be due.

The exhibition space can be on either concrete or grass. VDMA Services GmbH shall take requests into account as far as possible. A demonstration area shall be rented to exhibitors for the purpose of machine demonstrations at a price of EUR 7.20 per square metre. The demonstration area shall be located behind the respective exhibition space and can be a maximum of three times the size of the latter.

Terms and Conditions of Participation in demopark 2027

The placement shall be determined by VDMA Services GmbH.
All prices shall be subject to statutory VAT.

11.2 Turf Tent

As part of the Turf & Lawn Forum, the Turf Tent shall be located in aisle G, corner of aisle H. Companies and universities from the fields of lawn care, lawn mixtures, lawn monitoring, etc. can present themselves here.

The space rental fee per square metre in the Turf Tent shall be as follows:

Inline stand (one side open) EUR 147.00 per m²
Corner stand (two sides open) EUR 160.00 per m²
Peninsula stand (three sides open) EUR 173.00 per m²
Island stand (four sides open) EUR 183.00 per m²

The minimum size of the exhibition space shall be 9 square metres.
All prices shall be subject to statutory VAT.

The space rental fee shall not include any assembled structures. The exhibitor shall be obliged to outfit their stand area with walls, carpeting and a screen.

11.3 Pagoda tent on the demopark Campus

As the central meeting point for exhibitors and visitors, the demopark Campus is located in aisle F. The Pagoda tents shall be arranged next to one another and adjoin the demopark presentation tent.

The Pagoda tents shall have a standard size of 16 square metres. The rental price for a Pagoda tent shall be EUR 2,850.00, including fascia labelling. This price does not include statutory VAT. The Pagodas shall be provided without equipment (carpets, furniture, etc.). The furnishing and design of the Pagodas shall be the responsibility of the exhibitor. However, the exhibitor must take into account the character and appearance of the exhibition here.

11.4 Co-exhibitors

The exhibitor may not make the stand space assigned to them available to other companies or persons, either in whole or in part, without the approval of VDMA Services GmbH.

Co-exhibitors shall be deemed to be all companies that, in addition to the main exhibitor, have their own advertising presence on the stand (with a recognisable logo, contact persons and their own communication). This shall also apply if they have a close legal, organisational or economic connection to the main exhibitor or are represented by the latter. Subsidiaries of the main exhibitor shall also fall within this definition.

Co-exhibitors may only be registered by the main exhibitor via the demopark customer account. VDMA Services GmbH shall decide whether such co-exhibitors are granted admission. The registration fee per co-exhibitor shall be EUR 950.00 plus statutory VAT.

Co-exhibitors shall be included in the list of exhibitors to the same extent as main exhibitors. Entry in this list shall be mandatory.

Co-exhibitors must be registered **by 28 February 2027 at the latest**, as they shall otherwise not be allowed to participate.

12 Terms of payment

The stand rental fee shall be due in full when confirmation of admission is provided.

All invoice amounts shall be transferred in EUR to one of the accounts stated on the invoice, without any deductions and free of charges. If payment is not received on time, VDMA Services GmbH shall be entitled to exclude the exhibitor and/or co-exhibitor from using the stand space until the invoice has been settled in full and to demand compensation for any damages incurred as a result.

Invoices shall be sent to the exhibitor by e-mail in PDF format. If the exhibitor does not wish to receive invoices electronically, they may object to this in writing.

13 Withdrawal/Cancellation

13.1 Cancellation by the exhibitor

13.1.1 The exhibitor may withdraw their registration up to the registration deadline (**30 September 2026**).

13.1.2 Insofar as the exhibitor only withdraws their application after the registration deadline but before it has been approved, the exhibitor shall be obliged, at the request of VDMA Services GmbH, to pay a flat-rate cost contribution amounting to 25% of the participation fee charged for the requested stand space as a lump-sum reimbursement of the expenses incurred up to that point. However, the exhibitor shall be entitled to prove that the costs were lower than stated or that no costs at all were incurred.

13.1.3 Once admission has been approved, the exhibitor shall no longer be entitled to withdraw from the contract or reduce the stand area. Should the exhibitor nevertheless refuse to occupy the stand space assigned to them, VDMA Services GmbH shall be entitled to make the stand space available for other purposes.

13.1.3.1 If the stand space cannot be rented to another exhibitor by VDMA Services GmbH, the exhibitor must pay the full participation fee (no subletting).

13.1.3.2 If the stand space can be reassigned by VDMA Services GmbH, the exhibitor shall be obliged to pay a flat-rate cost contribution amounting to 25% of the participation fee charged for the requested stand space in order to reimburse the expenses incurred up to that point (complete subletting) in accordance with Section 13.1.2 above.

13.1.3.3 If the stand space can only be partially rented out by VDMA Services GmbH, the exhibitor shall be liable in full for the unrented stand space and in part for the rented stand space with a flat-rate cost contribution amounting to 25% of the participation fee proportionately attributable to the rented stand space (only proportionate subletting).

Terms and Conditions of Participation in demopark 2027

13.1.3.4 If the stand space that becomes available can be assigned (by means of an exchange of stand space) to an exhibitor that has already been admitted and had their own space assigned, this shall not constitute a case of subletting within the meaning of 13.1.3.2 and 13.1.3.3. However, the obligation to pay the entire participation fee shall continue to apply in this case.

13.1.3.5 In cases 13.1.3.2 and 13.1.3.3, the exhibitor may demand a reduction in the flat-rate cost contribution if they can prove that a lower loss has actually been incurred.

13.1.4 In the cases of 13.1.1 to 13.1.3, the exhibitor's declaration shall only become effective upon receipt by VDMA Services GmbH in text form. Insofar as the declaration is bound to a deadline, the issuer shall be obliged to provide proof of receipt within the deadline.

13.2 Cancellation by VDMA Services GmbH

VDMA Services GmbH shall be authorised to withdraw from the contract and to assign the stand space to another exhibitor in the following cases:

13.2.1 The payment deadline is not met, and reminders and time extensions are also unsuccessful.

13.2.2 An application is made to open insolvency proceedings against the assets of the issuer. The exhibitor shall inform VDMA Services GmbH of this immediately.

13.2.3 Admission was granted on the basis of incorrect requirements or information provided by the exhibitor, or the admission requirements cease to apply following admission.

VDMA Services GmbH reserves the right to claim compensation in the event of cancellation in accordance with clauses 13.2.1 to 13.2.3. Clauses 13.1.3.1 to 13.1.3.5 shall apply accordingly. The exhibitor shall not have any right to claim compensation.

14 Exhibition directories – media entry and logo

The basic entry in the official exhibition media (including online exhibitor directories, site plan and app) shall be obligatory for all exhibitors and co-exhibitors, as well as being subject to a fee (EUR 285.00 plus statutory VAT). The basic entry shall be made according to the data provided in the stand registration.

Once admission has been approved, the exhibitor shall receive a request to check their media entry in the demopark customer account. The customer shall have the option of adding a company logo here. The costs shall be EUR 210.00 plus statutory VAT.

A second basic entry can be made by sending an e-mail request to info@demopark.de and shall be charged at EUR 150.00 plus statutory VAT.

15 Exhibitor passes and visitor vouchers

15.1 Exhibitor passes

Free-of-charge passes shall be available to every exhibitor based on the exhibition space they have rented.

Exhibition space	Number of free-of-charge
Less than 100 m ²	2
100 m ²	3
Up to 200 m ²	4
Up to 300 m ²	5
Up to 400 m ²	6
Up to 600 m ²	8
Over 600 m ²	10

Co-exhibitors shall receive two free-of-charge exhibitor passes.

The free-of-charge exhibitor passes can be obtained via the Ticket shop. The stand personnel can be registered via this. If the contingent of free-of-charge exhibitor passes is not sufficient, additional passes can be purchased for a fee of EUR 20.00 plus statutory VAT each via the Ticket shop. Orders for exhibitor passes subject to a charge shall be invoiced separately after issue.

The passes shall be completed with the company name and the name of the authorised person. They are non-transferable.

A hand-out (quick guide) that defines the range of functions of the Ticket shop shall be made available in good time before the exhibition.

15.2 Visitor vouchers

Exhibitors at demopark shall have the opportunity to order admission vouchers for their customers at a price of EUR 7.00 each via the Ticket shop and invite them directly. Only those admission vouchers that are actually redeemed shall be charged after the exhibition. There shall be a cap on the maximum number of vouchers that can be charged. This shall correspond to half the square metres of the exhibition space.

Terms and Conditions of Participation in demopark 2027

Overview of the maximum number of vouchers to be paid:

Square metres of stand space	Cap
Fewer than 100	25
Over 100	50
200	100
300	150
400	200
500	250
600	300
700	350
800	400
900	450
1,000	500
1,100	550
1,200	600
1,300	650
1,400	700

16 Exhibition items and stand personnel

16.1 Exhibition items and services that do not correspond to the demopark nomenclature may not be exhibited. VDMA Services GmbH may demand the removal of exhibition items and service offerings that do not comply with the official nomenclature or that could cause considerable disruption to exhibition operations or jeopardise the safety of exhibitors and visitors due to odours, noise or other unacceptable emissions.

16.2 If the exhibitor fails to comply with this request, VDMA Services GmbH shall be entitled to have the hazards removed at the exhibitor's expense and to close the stand area without this giving rise to any claims against VDMA Services GmbH.

16.3 Any and all action to defend industrial property rights (including trademark, utility model and patent rights) shall be the sole responsibility of the exhibitor. In particular, VDMA Services GmbH shall not be liable for any damage suffered by exhibitors as a result of the infringement of such industrial property rights by third parties. VDMA Services GmbH shall assist with questions relating to preservation of evidence within the scope of what is reasonably possible on site, in particular by inspecting or technically recording images of the exhibit in question or the service offered.

16.4 During the opening hours throughout the entire period of the exhibition, the registered and approved products must be on display on the stand, and the stand must be manned by qualified personnel (so-called operating obligation).

17 Customer account and Service booking shop

On registration, each exhibitor shall receive their own **demopark customer account**, in which all relevant information on demopark can be accessed. The customer account shall be accessed using the correspondence address (e-mail) of the contact person specified in the registration. Additional persons can be assigned a sub-login. Access to the customer account must be treated confidentially. In the event of suspected misuse, VDMA Services GmbH must be notified immediately. The latter shall also not be liable for any damage resulting from misuse of the authorisation.

The exhibitor can access the **Service booking shop via their customer account**. All necessary technical and organisational orders can be placed there.

For orders of services in the demopark Service booking shop, the general terms and conditions of the respective service partner shall apply in addition to these Terms and Conditions of Participation.

18 Overall height and stand limit

The overall construction height must be stated when registering and shall become binding. The overall height shall be limited to 2.50 metres in the Turf Tent and 2.20 metres in the Pagodas on the demopark Campus. There are various height restrictions on the exhibition grounds, which shall be taken into account when planning the layout.

The allocated stand limits must be adhered to. The aisles may not be obstructed by stand materials or exhibition items. VDMA Services GmbH reserves the right to have unauthorised excess stand space removed or to invoice the exhibitor subsequently.

The rear sides of the stand boundaries, advertising media or other design elements directly adjacent to the neighbouring stand must be neutral and visually flawless. They must not contain any text or graphics.

Further specifications regarding stand design can be found in the **Technical Regulations**.

19 Demonstration areas and machine demonstrations

Demonstration areas are areas where machines and products are presented for demonstration and testing. These may be a maximum of three times the size of the exhibition space itself. Demonstration areas shall always be located behind the exhibition space.

The demonstration areas may not be used as exhibition spaces, i.e. no stand structures or equipment (including tents, stages, trucks, etc.) may be set up in these areas. Only resources that are required for demonstration purposes shall be permitted. The parking of demonstration machines shall also be permitted. When deviating from this specified use, demonstration areas shall be deemed to be exhibition space and invoiced at the corresponding price per square metre.

Machines may only be operated by the exhibitor's demonstration personnel in compliance with all safety regulations.

Terms and Conditions of Participation in demopark 2027

20 Tillage (digging, milling and shaft works)

Tillage (digging, milling and shaft works) shall be permitted, although only in the designated areas and only following consultation with and approval from VDMA Services GmbH. A flat rate of EUR 155.00 plus statutory VAT shall be charged for such tillage. Tillage can be booked via the **online registration**, with the exhibitor being allocated a corresponding stand space in the designated areas.

Any and all damage or changes to the soil surfaces caused by tilling or the application of materials (bark mulch etc.) must be completely removed by the exhibitors at their own expense after the exhibition. VDMA Services GmbH shall be authorised to have any such restoration work that is not performed or not performed properly carried out by an external company at the exhibitor's expense.

21 Security and guards

VDMA Services GmbH shall be responsible for general security at demopark, but does not accept liability for loss or damage. This service shall commence at 7:00 a.m. on Tuesday, 15 June 2027 and end at 7:00 p.m. on Thursday, 24 June 2027. Outside of these times, each exhibitor shall have an increased duty of care for the security of their own goods. VDMA Services GmbH accepts no liability for uninterrupted surveillance or monitoring of the exhibition grounds.

The exhibitor shall be responsible for the security of the exhibition stand and the exhibits during set-up and dismantling, during exhibition hours and outside the opening hours of the exhibition. Additional stand security can be booked via the **Service booking shop**.

Exhibitors shall not be permitted to deploy their own security personnel for stand security outside the regular exhibition hours.

22 Waste disposal

All exhibitors shall be obliged to dispose of their waste themselves. VDMA Services GmbH shall provide waste containers on the premises for this purpose. The corresponding locations can be found in the **Set-up and dismantling map of exhibition grounds**.

If stand waste is illegally deposited in the aisles, VDMA Services GmbH reserves the right to charge a corresponding expense allowance for disposal.

23 Permits/Rights/Trade protection

The exhibitor shall be responsible for ensuring that they have the necessary permits, rights and certificates for their activities, offers, products and employees at the exhibition stand and that they comply with the applicable legal regulations.

24 Reservation

24.1 VDMA Services GmbH shall be entitled to postpone, shorten, extend or cancel the exhibition for an important reason (for example

force majeure) or for other reasons for which it is not responsible, or to close or cancel it in whole or in part.

24.2 In such cases, the exhibitor shall not be entitled to compensation.

24.3 In the event of a complete cancellation before the start of the exhibition, the exhibitor shall remain obliged to pay a contribution to cover the preliminary costs of the exhibition amounting to 25% of the participation fee.

24.4 In the event of complete or partial postponement or curtailment, the contract shall be deemed to have been concluded for the changed duration unless the exhibitor objects in writing within a period of two weeks after notification of the change. In the event of an objection, the exhibitor must pay a fee of 25% of the participation fee. If VDMA Services GmbH has to curtail an exhibition that has already begun due to force majeure or for other reasons for which it is not responsible, the exhibitor shall not be entitled to a full or partial refund or to a waiver of the participation fee. VDMA Services GmbH shall also be entitled, at its reasonable discretion and taking into account the legitimate interests of the exhibitors, to refrain from organising the exhibition if it does not consider its economic viability to be assured. With the cancellation, the reciprocal performance obligations of the contractual partners shall lapse. However, VDMA Services GmbH shall reimburse any payments already made to it by the exhibitor for services not yet rendered at the time of cancellation.

25 Liability

25.1 VDMA Services GmbH shall be liable, in accordance with the statutory provisions, for damages resulting from injury to life, limb or health caused by wilful intent or gross negligence on the part of VDMA Services GmbH, its legal representatives or vicarious agents.

25.2 However, in the event of slightly negligent damage caused by VDMA Services GmbH, its legal representatives or vicarious agents, the liability of VDMA Services GmbH shall be excluded.

25.3 The exclusion of liability shall not apply in the event of a breach of obligations, the fulfilment of which is essential for the proper execution of this contract and on the observance of which the exhibitor may regularly rely (material contractual obligation). In these cases, liability shall be limited to foreseeable damages typical for the contract.

25.4 The exhibitor shall indemnify VDMA Services GmbH against all claims and shall themselves be liable for all damage caused to third parties by their participation in the exhibition, including damage caused to buildings on the exhibition grounds and its facilities.

25.5 VDMA Services GmbH shall not assume any economic risk for the exhibitor.

Terms and Conditions of Participation in demopark 2027

26 Insurance

Insurance for the exhibition items that provides cover against all risks relating transport and during the exhibition, in particular against damage, theft etc., shall be the sole responsibility of the exhibitor. Exhibitors are therefore strongly recommended to take out adequate trade fair and/or exhibition insurance. Having a business and product liability insurance policy in place with cover of at least EUR 5 million for personal injury and property damage shall be a prerequisite for participation in demopark. Appropriate transport and exhibition insurance can be booked via our partner in the **Service booking shop**.

27 Accident prevention

The exhibitor undertakes to install safety devices/guards on the exhibited machines and equipment that comply with the accident prevention regulations of the employers' liability insurance association. Otherwise, VDMA Services GmbH shall be authorised to prohibit the machines and devices from being started up at its discretion.

28 Site authority

VDMA Services GmbH shall exercise site authority for the duration of the exhibition, including the set-up and dismantling periods. The instructions of the employees on site must be followed. Further information can be found in our **House Rules**.

29 Information notices

Following assignment of stand space, exhibitors shall be informed in information notices by VDMA Services GmbH of questions concerning the preparation and actual participation in the event. The exhibitor shall be solely responsible for any consequences arising from non-compliance with these information notices.

30 Place of jurisdiction

The place of fulfilment and jurisdiction for all mutual obligations, in particular for the dunning procedure, shall be Frankfurt am Main, Germany. The mutual rights and obligations arising from this contractual relationship are subject to the law of the Federal Republic of Germany.
