

demopark 2019 Site Rules

Admission to the demopark grounds is permitted only for exhibitors and visitors with valid admission tickets. All of the facilities are to be treated with care and consideration. On the exhibition grounds, all persons must conduct themselves so that others are not injured, endangered or – except to the extent made unavoidable by circumstances – hindered or inconvenienced.

For safety reasons, the grounds or parts thereof may be closed or barricaded. All persons who are present on the exhibition grounds must immediately obey corresponding requests and, if evacuation is ordered, must leave the grounds at once.

Bags and briefcases, containers and clothing such as coats, jackets and capes can be checked for their contents. Visitors who do not agree with the confiscation by the inspection or security service of items which can endanger visitors or the event will be barred from the event.

Persons who are recognisably under the influence of alcohol or drugs will be barred from the event and must leave the exhibition grounds. In this case there shall be no claim to a refund of the admission fee.

The provisions of the German Youth Protection Act (Jugendschutzgesetz) shall apply.

It is forbidden to bring the following items onto the exhibition grounds:

- Weapons or dangerous objects, and objects that can cause bodily harm to persons if thrown
- Aerosol spray cans, corrosive or staining substances, and pressure tanks containing gases that are highly flammable or harmful to human health, with the exception of standard pocket cigarette lighters and hair sprays
- Containers made of material which is breakable or which splinters easily
- Fireworks, rockets, Bengal fire, smoke powder, flares and other pyrotechnic devices
- Explosive substances and all types of ammunition
- Racist, xenophobic and radical propaganda materials

Dogs may be brought to the exhibition grounds only if kept on a leash at all times.
